QUAD BIKES

SECURE

When not in use park in a secure location and out of sight from main roads, in a locked and secured outbuilding, or install a ground anchor.

RECORD

Record the make, model and serial number of your quad bike (including chassis and registration numbers).
Take photos including any identifiable marks.

SECURITY MARKING

Mark your quad bike with your postcode, followed by the first two letters of your farms name.

BOUNDARIES

Identifying weaknesses early can help deter thieves from your property. Maintain your perimeter fencing, hedges and ditches.

CCTV

Cover main access points with CCTV which can alert you to unwanted visitors and capture vital evidence.

KEYS

Remove keys whenever you leave the quad bike.

Keep them in a locked cabinet when not in use.

IMMOBILISE

Install immobilisation and tracking systems.

They notify owners if machinery is being interfered with or moved.
